

## Author and Subject Index

**A**DAPTATION, to mirror reversals, 200  
— Adults, visual apprehension in, 263  
**A**ge, developmental, 102  
— slide rule for calculating, 143  
**A**norexia, Treatment and progress of, 292  
**A**pprehension, visual, 263  
**A**rt, ability in children, 66  
**A**sociations, effect of surroundings on, 188  
**A**udiometric test, of children, 237

**B**EHAVIOR, problem solving, 242  
BIENSTOCK, SYLVIA F., and JERSILD, ARTHUR T. The influence of training on the vocal ability of three-year-old children, 272-291  
Bilingual, children from same family, 184  
Boys, developmental age of, 102  
Building, tower, 161

**C**HILD, function of home libraries in development of, 230  
— grasp in complicated response by, 115  
— laughter in, 228  
— memory for position of objects, 125  
— speech development, 324  
Children, art ability, 66  
— amount and kind of food eaten by, 163  
— audiometric test of, 237  
— bilingual, 184  
— color discrimination of, 303  
— dentition of, 147  
— egocentricity in, 74  
— free association in, 188  
— general information test of, 81  
— learning of, 200  
— measurements of, 1  
— night sleep of, 234  
— problem solving of, 242  
— sleeping habits of, 326  
— space order reactions of, 75  
— temperature variations in, 225  
— visual apprehension in, 263  
— vocal ability of, 272  
Color, discrimination 303  
Comparative study, measurements and ratings, 1

CONSTANTINE, JUNE F. A slide rule for calculating ages, 143-146  
COOK, WILLIE MAE. Ability of children in color discrimination, 303-320  
Correction, error in figures, 224  
COURTNEY, DOROTHY M., and JOHNSON, BUFORD. Tower building, 161-162

**D**ENTITION, of children, 147  
Development, of boys, 102  
— of child by home libraries, 230  
— of infant in movements, 153  
— of personality traits, 72  
— speech and music, 324  
Discrimination, color, 303  
DRAIN, CHARLES L., and PYLE, S. IDELL. Some conditions in the dentition of children, 147-152  
DUNSHEE, MARION ELIZABETH. A study of factors affecting the amount and kind of food eaten by nursery school children, 163-183

**E**GOCENTRICITY, of children, 74  
EMERSON, LUCILLE L. The effect of bodily orientation upon the young child's memory for position of objects, 125-142  
Emotions, expressions in infancy, 96  
Eye, and hand preference, 321  
— movements in perception, 30  
EZEKIEL, L. F. Changes in egocentricity of nursery school children, 74-75

**F**AMILY, bilingual children in, 184  
FITCHEN, MARGARET. Speech and music development of a one year old child, 324-326  
Food, factors affecting eating of, 163  
FURFAY, PAUL. A revised scale for measuring developmental age in boys, 102-114

GOODENOUGH, FLORENCE L. The expressions of the emotions in infancy, 96-101

**GORDON, KATHERINE.** A study of hand and eye preference, 321-324  
**Grasp, strength of,** 115  
**Grasping, development of in infant,** 158

**HABITS, sleeping,** 326  
 Hand, and eye preference, 321  
 — movements in perception, 30

**HATT, ELSIE.** A comparative study of measurements and qualitative ratings of nursery school children, 1-29

**HAZZARD, FLORENCE W.** Development of an infant in grasping, reaching, and body movements, 158-180

**HICKS, J. ALLAN, AND RALPH, DOROTHY W.** The effects of practice in tracing the Porteus Diamond Maze, 156-158  
**Home, libraries for child development,** 230

**INFANCY, expression of emotions in,** 96  
 Infant, development of, 158  
 — photographing reactions of, 153  
**Information, test of,** 81  
**Ink spot test, influence of suggestibility on,** 76

**IRWIN, ORVIS C.** A cold light for photographing infant reactions with the high-speed motion picture camera, 153-155

**JERSILD, ARTHUR T., and BIENSTOCK, SYLVIA, F.** The influence of training on the vocal ability of three-year-old children, 272-291

**JOHNSON, BUFORD.** A correction, 224  
**JOHNSON, BUFORD, and COURTNEY, DOROTHY M.** Tower building, 161-162

**JOHNSON, BUFORD, and WILSON, MAY.** Strength of child's grasp in complicated response, 115-124

**KETTERLINUS, EUGENIA.** Learning of children in adaptation to mirror reversals, 200-223

**KENDERDINE, MARGARET.** Laughter in the pre-school child, 228-230

**Kindergarten, information of children in,** 81

**KNAUBER, ALMA J.** A study of the art ability found in very young children, 66-71

**L**AUGHTER, in pre-school child, 228  
**Learning, of children in mirror reversals,** 200

**Libraries, function in child development,** 230  
**Light, for photographing infants,** 153  
**LUDWIG, GLADYS, and STOLZ, HERBERT R.** Temperature variations in normal pre-school children, 225-228

**MATHESON, EUNICE.** A study of problem solving behavior in pre-school children, 242-262  
**Maturation, skeletal,** 49  
**Maze, effects of practice in tracing,** 156  
**Measurements and qualitative ratings,** 1  
**Memory, effect of bodily orientation on,** 125  
**Mirror reversals, adaptation to,** 200  
**Motion picture, of infant reactions,** 153  
**Movements, development of in infant,** 158  
 — eye and hand, 30  
**Music and speech development,** 324

**NURSERY school, changes in children of,** 74  
 — food eaten by children in, 163  
 — training in, 72  
 — visual apprehension of children in, 281

**NYSTROM, GERTRUDE HILL.** A study of fifty home libraries with special reference to their function in child development, 230-234

**O**RIENTATION, in child's memory for position, 125

**PERCEPTION, training,** 30  
 Personality, development of, 72  
 Porteus Diamond Maze for tracing, 156  
 Practice, in tracing maze, 156  
 Preference, hand and eye, 321  
**PROBST, CATHRYN A.** A general information test for kindergarten children, 81-95

**PYLE, S. IDELL, and DRAIN, CHARLES L.** Some conditions in the dentition of children, 147-152

**RACE, skeletal maturation in,** 49  
**RALPH, DOROTHY W., and HICKS, J. ALLAN.** The effects of practice in tracing the Porteus Diamond Maze, 156-158

**Rating, qualitative compared with measurements,** 1

**Reaching, development of in infant,** 158

Response, strength of child's grasp in, 115  
RICE, CHARLOTTE. Eye and hand movements in the training of perception, 30-48  
Rule, for calculating ages, 143

SCALE, measuring developmental age by, 102

SCOTT, ETHEL. A study of the sleeping habits of 29 children of pre-school age, 326-328

Sex, skeletal maturation in, 49

Sleep, factors affecting night, 234

Sleeping, habits of, 326

SMITH, MADORAH E. A study of five bilingual children from the same family, 184-187

Space, reaction of children to, 75

Speech, and music development, 324

STOLZ, HERBERT R., and LUDWIG, GLADYS. Temperature variations in normal pre-school children, 225-228

STREIT, HELEN. Treatment and progress of an extreme case on functional anorexia, 292-302

Suggestibility, influence on responses, 76

SUNDBERG, HELEN M. The effect of surroundings on free association in young children, 188-189

TAYLOR, CORNELIA DeCAMP. A comparative study of visual apprehension in nursery school children and adults, 263-271

Temperature, variations in, 225

TODD, T. WINGATE. Differential skeletal maturation in relation to sex, race, variability and disease, 49-65

Training, eye and hand movements, 30

Training, of vocal ability, 272

VARIATIONS, temperature of children, 225

Visual apprehension, of children and adults, 263

Vocal ability, of children, 272

WALSH, MARY ELIZABETH. The relation of nursery school training to the development of certain personality traits, 72-73

WHITE, MARGARET. Some factors affecting the night sleep of children, 234-235

WHITE, ROBERTA. Influence of suggestibility on responses in ink spot test, 76-79

WHITE, ROBERTA. The space order reaction of young children, 75

WILLIAMS, HAROLD M. An audiometric test for young children, 237-241

## Contents

### NUMBER 1. MARCH, 1931

A comparative study of measurements and qualitative ratings of nursery school children. ELSIE HATT.....	1
Eye and hand movements in the training of perception. CHARLOTTE RICE.....	30
Differential skeletal maturation in relation to sex, race, variability and disease. T. WINGATE TODD.....	49
A study of the art ability found in very young children. ALMA J. KNAUBER.....	66
The relation of nursery school training to the development of certain personality traits. MARY ELIZABETH WALSH.....	72
Changes in egocentricity of nursery school children. L. F. EZEKIEL.....	74
Influence of suggestibility on responses in ink spot test. ROBERTA WHITE..	76

### NUMBER 2. JUNE, 1931

A general information test for kindergarten children. CATHRYN A. PROBST.....	81
The expressions of the emotions in infancy. FLORENCE L. GOODENOUGH..	96
A revised scale for measuring developmental age in boys. PAUL H. FURFEE.	102
Strength of child's grasp in complicated responses. BUFORD JOHNSON and MAY WILSON.....	115
The effect of bodily orientation upon the young child's memory for position of objects. LUCILLE L. EMERSON.....	125
A slide rule for calculating ages. JUNE F. CONSTANTINE.....	143
Some conditions in the dentition of pre-school children. S. IDELL PYLE and CHARLES L. DRAIN.....	147
A cold light for photographing infant reactions with the high-speed motion picture camera. ORVIS C. IRWIN.....	153
The effects of practice in tracing the Porteus Diamond Maze. J. ALLAN HICKS and DOROTHY W. RALPH.....	156
Development of an infant in grasping, reaching, and body movements. FLORENCE W. HAZZARD.....	158
Tower building. BUFORD JOHNSON and DOROTHY M. COURTNEY.....	161

### NUMBER 3. SEPTEMBER, 1931

A study of factors affecting the amount and kind of food eaten by nursery school children. MARION ELIZABETH DUNSHEE.....	163
A study of five bilingual children from the same family. MADORAH E. SMITH.....	184

## Contents

The effect of surroundings on free association in young children. HELEN M. SUNDBERG.....	188
Learning of children in adaptation to mirror reversals. EUGENIA KETTER-LINUS.....	200
A correction. BUFORD JOHNSON.....	224
Temperature variations in normal pre-school children. GLADYS LUDWIG and HERBERT R. STOLZ, M.D.....	225
Laughter in the pre-school child. MARGARET KENDERDINE.....	228
A study of fifty home libraries with special reference to their function in child development. GERTRUDE HILL NYSTROM.....	230
Some factors affecting the night sleep of children. MARGARET WHITE....	234

NUMBER 4. DECEMBER, 1931

An audiometric test for young children. HAROLD M. WILLIAMS.....	237
✓A study of problem solving behavior in pre-school children. EUNICE MATHESON.....	242
A comparative study of visual apprehension in nursery school children and adults. CORNELIA DeCAMP TAYLOR.....	263
The influence of training on the vocal ability of three-year-old children. ARTHUR T. JERSILD and SYLVIA F. BIENSTOCK.....	272
Treatment and progress of an extreme case of functional anorexia. HELEN STREIT.....	292
Ability of children in color discrimination. WILLIE MAE COOK.....	303
A study of hand and eye preference. KATHERINE GORDON.....	321
Speech and music development of a one year old child. MARGARET FITCHEN.	324
A study of the sleeping habits of 29 children of pre-school age. ETHEL SCOTT.....	326
